Good afternoon Brenda,

For application returned with comment:

The status of your Permit has changed to Returned.
Reason: will be sending you plans.

Attached is Revised Application #4 drawings for CR39, implemented 42' RL where applicable, except for West end section in town that I left as originally fielded, based on existing equipment within 33'. Additionally, added N-2 page at start, for 1 block section East of MN25 that was missing in original submission.
